

**Day 2, 30 May**

8:30   9:00	<b>Registration</b>	Chair Prof. Masanori Koshiba (Hokkaido Univ.)
9:00   9:30	T1.1 Invited Dr. Taiji Sakamoto (NTT) "Few-mode multi-core fiber design optimizing spatial density and splicing characteristic for long-haul dense SDM transmission"	
9:30   10:00	T1.2 Invited Dr. Takemi Hasegawa (Sumitomo Electric) "Ultra-low loss fiber technologies for SDM transmission"	
	<b>Coffee Break</b>	Chair Prof. Yuichi Matsushima (Waseda Univ.)
10:30   11:00	T2.1 Invited Prof. Yongmin Jung (Univ. of Southampton) "Optical amplifiers and key optical components for Space Division Multiplexed transmission"	
11:00   11:30	T2.2 Invited Dr. Takayuki Mizuno (NTT) "Multicore Amplification Technology for High-Capacity SDM Transmission Systems"	
11:30   12:00	T2.3 Invited Dr. Tetsu Morishima (Sumitomo Electric) "Multi-core fiber connector technology"	
	<b>Lunch</b>	
13:35   14:05	T3.1 Invited Dr. Haoshuo Chen (Nokia Bell Labs.) "Remote mode forming over multimode fiber"	Chair Prof. Koji Igarashi (Osaka Univ.)
14:05   14:35	T3.2 Invited Dr. Georg Rademacher (NICT) "Wide-band large capacity transmission over few-mode fiber"	
14:35   15:50	Poster Exhibition Coffee Break	
15:55   21:00	<b>Banquet</b>
