**Place: Kunibiki Messe, Matsue, Japan**

**Date: November 3 (Wed) – 5 (Fri) 2021**

It is with great pleasure that we announce the 6<sup>th</sup> EXAT International Symposium. The objective of this symposium is to discuss the current status and future trends of SDM (space division multiplexing) related transmission technologies. Plenary and invited speakers will give an overview of on-going SDM related research projects as well as an outlook towards the future of optical communications. Furthermore, an extensive poster session will also provide opportunities for discussions and information exchange on the latest hot research topics in this field.
